UV PRINTED

SHIPS NATIONWIDE

YOUR BRAND, PRINTED BIG.

Quiet Valley Products is a manufacturer of specialty screen and printed products, founded by Dan Deroche. Our screens, banners and netting are at work on construction sites, commercial projects and events across the country.

We specialize in grand format and super-wide format printing on state-of-the-art UV printers, with seamless widths up to 16 ft. Our team of designers, product specialists and production technicians handles every job from first layout to finished product — all printed and fabricated at our facilities in Pennsylvania.

Ask for a **free mock-up** — we will place your design on your fence, building or scaffolding before you commit.

WHAT TO HAVE READY

- Product and material (8 oz or 9 oz mesh, 18 oz vinyl, netting)
- Length and height of each piece, and quantity
- Logo or artwork file (AI, EPS or PDF preferred)
- Finishing: grommets, hems, pole pockets
- Logo repeat: 1, 2 or 3 per 50 ft panel, or every 2 ft
- Project name and ship-to location

9 OZ MESH

CUSTOM SIZES

Turn temporary fence into a branded perimeter. Our printed mesh screens hide the work zone, contain dust and debris and let wind pass through — while putting your company name, logo and project message in front of everyone who passes.

Printed fence wrap — full-width brand messaging on a construction perimeter

Logo + QR code printed on navy mesh

Full-color rendering + logo on a site fence

WHY MESH FENCE WRAPS

- Woven, PVC-coated polyester mesh — roughly 35% airflow
- Privacy and dust screening for active work zones
- Single-color, two-color or full-color edge-to-edge printing
- Step-and-repeat logos, project renderings, QR codes

MADE TO YOUR FENCE

- Printed seamless up to 16 ft high
- Any length, cut and finished to order
- Heat-sealed perimeter with grommets, hems or pole pockets
- UV printed for durable, fade-resistant color

FULL-COLOR & MURAL FENCE WRAPS

Go edge to edge. Send us renderings, photography or vector graphics and we print a continuous, full-color mural across your entire fence line — a site perimeter that works as a billboard.

Full-color fence wrap — partner logos, rendering and messaging across the full panel

Mural-style wrap on a historic building perimeter

Full-color graphic wrap along a jobsite perimeter

RENDERINGS

Show the community what is coming with full-scale project renderings.

PARTNER LOGOS

Owner, architect, GC and sub logos together on one continuous wrap.

MESSAGING

Leasing, hiring, “coming soon” and wayfinding messages with QR codes.

Full-color wraps are typically printed on 8 oz mesh. Ask our team which mesh is best for your fence and exposure.

MESH SPECIFICATIONS & FINISHING

8 OZ MESH

Our go-to for full-color and mural fence wraps, building wraps and mesh banners.

8 OZ MESH · FEATURES & SPECS	
Support cloth	Polyester, 1000 × 1000 denier
Coating	PVC
Weight (DIN 53352)	8 oz
Tensile L / W (DIN 53354)	168 / 202 lbs per inch
Support cloth (DIN 53356)	101 / 101 lbs per inch
Flame resistance	NFPA 701 — Pass
Airflow	Approx. 35%

9 OZ MESH

Heavier mesh for privacy screens and windscreens on construction fences.

9 OZ MESH · FEATURES & SPECS	
Support cloth	Polyester, 1000 × 1000 denier
Coating	PVC
Weight (DIN 53352)	9 oz
Tensile L / W (DIN 53354)	210 / 220 lbs per inch
Tear strength (DIN 53356)	90 ± 20 lbs (fill)
Air permeability	>340 ft ³ /min
Adhesion	8 ± lbs / 2 in (fill)
Shade factor	55% – 90%
Airflow	Approx. 35%

FINISHING OPTIONS

Perimeter	Reinforced, heat-sealed
Grommets	All four sides, or none
Hems	4 in — all sides, top & bottom, left & right, or top only
Pole pockets	Available
Logo repeat	1, 2 or 3 per 50 ft panel, or every 2 ft
Print	Single-color, two-color or full-color UV
Max seamless height	16 ft

9 oz printed mesh on a roadside construction fence

SIZING TIP

Tell us your fence height and run length. We size each screen to your fence so it can be pulled tight top and bottom without sagging.

PRINTED WINDSCREENS

9 OZ MESH

1- OR 2-COLOR LOGO PRINT

A clean, professional look for any site: your logo printed in crisp white or color on a solid stock mesh color, repeated along the fence as often as you like.

White-print windscreen — repeating logos on navy mesh

Logo + contact line on navy mesh

Color logo print on royal blue mesh

FEATURES

- Logo printed in white or color on stock mesh
- Repeat your logo 1, 2 or 3 times per 50 ft panel, or every 2 ft
- Add a website, phone number or QR code
- UV printed for durable, fade-resistant color

GOOD TO KNOW

- Custom sizes for any fence length and height
- Heat-sealed perimeter, grommets on all sides
- Same mesh and finishing as our plain windscreens
- Free mock-up so you can see logo size and spacing

FREE MOCK-UP. INSTANT PROOF ONLINE.

Send your logo or artwork and we will show you exactly how it will look before it prints.

PLAIN WINDSCREENS

UNPRINTED MESH

6 STOCK COLORS

When you need privacy and dust control without branding, our plain windscreens are custom made to your fence in six stock colors — the same durable, PVC-coated mesh and finishing as our printed screens.

Plain black windscreen on a construction fence

STOCK COLORS

Black

White

Navy

Royal Blue

Red

Forest Green

Swatches are approximate. Ask for a material sample to match exact color.

FEATURES

- Cut and finished to your fence height and length
- Heat-sealed perimeter with grommets
- About 35% airflow lets wind pass through
- Hides active work zones and contains dust

WANT YOUR LOGO ON IT?

Any plain windscreen color can be printed with your logo — see **Printed Windscreens, p. 08.**

ORDER ONLINE. INSTANT PROOF.

Oversized banner on a building under construction

02

LARGE-FORMAT BANNERS

BUILDING WRAPS AND OVERSIZED BANNERS	11
MESH BANNERS	12
18 OZ VINYL BANNERS	13

BUILDING WRAPS AND OVERSIZED BANNERS

Make the building itself the sign. Large panels of printed mesh are joined to read as one giant image — a full facade graphic, a rendering of the finished building, or your logo at skyline scale.

Oversized banner on a building under construction

Printed mesh wrap on building scaffolding

Full-color building wrap with multiple panels

FEATURES

- Printed seamless up to 16 ft wide; panels joined for any size
- 8 oz mesh lets wind pass through on scaffold and facade
- Full-color UV printing — no limit on colors
- Reinforced edges and grommets for secure mounting

GREAT FOR

- Scaffolding and facade wraps
- Marquee building enclosures
- Groundbreakings, toppings-out and milestones
- Leasing, hiring and “coming soon” announcements

MESH BANNERS

8 OZ MESH

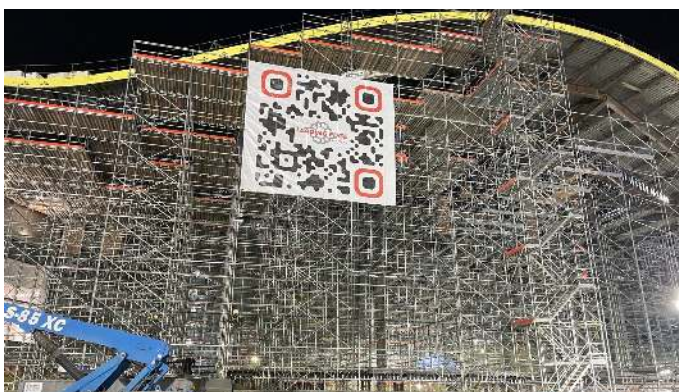

9 OZ MESH

INDOOR & OUTDOOR

Wind-friendly banners for slab edges, scaffolding, railings and fences. Mesh banners let air pass through, so they hold up where a solid banner would act like a sail.

Printed mesh banner on a construction site fence

Oversized QR-code banner on jobsite scaffolding

FEATURES

- Single-color to full-color UV printing
- Printed seamless up to 16 ft
- Hems, grommets or pole pockets to suit your mounting
- Same mesh specs as our fence wraps — see p. 07

FREE MOCK-UP. INSTANT PROOF ONLINE.

Send your logo or artwork and we will show you exactly how it will look before it prints.

ARTWORK GUIDELINES

Following these guidelines keeps pre-production fast and your print sharp. No designer? No problem — our in-house team will build your layout for free.

CMYK

COLOR MODE

Set all files to CMYK color output.

300 DPI

AT 1/12 SCALE

Raster images need at least 300 dpi at 1/12 of final size. Send full resolution — do not downsize.

AI · EPS · PDF

PREFERRED FORMATS

Vector AI or EPS, or a high-resolution print-ready PDF. Packaged INDD / IDML also accepted.

PRE-FLIGHT CHECKLIST

- Color output set to CMYK
- Logos and text as vector (AI, EPS or PDF)
- Raster images 300 dpi at 1/12 scale
- Fonts outlined, images embedded
- InDesign files packaged (INDD / IDML)

SENDING FILES

Upload artwork with your order at quietvalleyproducts.com/order-online, or email files under 10 MB to dan@quietvalleyproducts.com. For larger files, send a download link.

DESIGN SERVICES

FREE CUSTOM LAYOUT & MOCK-UP

Provide your own artwork or collaborate with our designers — from a single logo to a full-bleed branded screen. We will place your design on your fence, building or scaffolding so you can see exactly how it will look before it prints.

Call 844-350-4328 or email dan@quietvalleyproducts.com.

3-YEAR LIMITED WARRANTY

Our privacy screens carry a 3-year limited warranty against manufacturer defects. [See full terms.](#)
